Dear Parents,

Thank you to the Parents who participated in the Harmony Day activities or the GOTCHA Information sessions last Friday. It was great to have parents join in these activities.

**Gold Pass Events:** Next Wednesday, we will be holding several “Gold Pass Activities” to reward student whose behaviour throughout the term has been exemplary. Teachers from the Early Years, Primary and Secondary sectors have chosen an activity which students in their section of the school will hopefully find enjoyable. For students not participating in these activities, it will be lessons as normal.

**Stepping Stones:** Stepping Stones (Positive Parenting for Students with a Disability) is holding a seminar on “Turning Challenging Behaviour into Positive Behaviour” in our hall on 27th May. We have specifically asked the Stepping Stones team from the University of Qld to come so that the parents of students at our school can attend this Information Session. To register for this seminar, parents must complete the On-Line Registration. To date, only 1 parent from our school has registered to attend.

**Memorial Garden:** In preparation for our ANZAC Day Assembly on Friday 24th April, Denis has moved our Memorial Stone into the small garden just inside the Parent’s Gate near the Playground. He has also replanted this garden and created a very attractive area, which will be the backdrop to our ANZAC Ceremony this year.

Please mark Friday 24th April onto your calendar and join us at 10:00am for our Remembrance Assembly.

**School Banking:** The P&C is keen to support our young people learn about the importance of Saving Money through the re-instigation of the School Banking program in Term 2. More news about this after the holidays.

I hope that everyone has an enjoyable Easter Vacation, and we will look forward to seeing everyone back at school on Monday 20th April.

Yours faithfully,

Neil P Larter
Principal
