

NEXT STEP 2016

DESTINATIONS OF 2015 YEAR 12 COMPLETERS

Pine Rivers Special School

Introduction

This page presents a summary of results of the annual *Next Step* survey for Pine Rivers Special School. The *Next Step* survey, undertaken by the Queensland Government, targets all students who completed Year 12 and gained a Senior Statement in 2015, whether they attended a state, Catholic or independent school, or a TAFE secondary college. The Queensland Government Statistician’s Office conducted the survey between March and June 2015, approximately six months after the young people left school. Responses were collected online and via computer-assisted telephone interviewing.

Statewide and regional reports from the *Next Step* survey will be available on the Next Step website at www.education.qld.gov.au/nextstep.

Response rate for Pine Rivers Special School

Table 1 below reports the response rate for Pine Rivers Special School. It expresses the number of respondents from this school, as a percentage of all Year 12 completers who attended Pine Rivers Special School in 2015. It has not been possible to ascertain how representative these responses are of all Year 12 completers from this school.

Table 1: Survey response rate, Pine Rivers Special School 2016

Number of respondents	Number of students who completed Year 12	Response rate (%)
8	11	72.7

Definitions of post-school pathways

The post-school pathways of Year 12 completers from special schools were categorised into eight main destinations. Year 12 completers from special schools who were in education, training or employment as well as attending a day service were reported in their education, training or employment pathway. A table defining these pathways is shown in Table 2.

Summary of findings

In 2016, seven young people who completed Year 12 at Pine Rivers Special School in 2015 continued in a meaningful post-school pathway in the year after they left school.

Two young people were undertaking post-school education and training in campus-based study. Work was a pathway for two respondents undertaking unpaid or volunteer work. A further three respondents were attending a day service.

One respondent did not enter a meaningful post-school pathway and was not in the labour force, education or training.
